Multimedia designer with a with a passion for design and keen interest in technology. Open to learning, and ability to overcome problems creatively. A good team player with a solid work ethic. I also pick things up quickly and I'm always up for a challenge.

I've worked on a range of projects, including motion graphics, interactive catalogues, and branding. I've been able to produce interesting and beautiful work thanks to my solid design background and sharp eye for detail. I love working on creatively challenging projects, and I'm always seeking for new ways to challenge my creative abilities.
